Quartz surface Care & Use:

Congratulations on the purchase of your Seasonstone Quartz countertop. Seasonstone is a beautiful, durable and resilient countertop surface that will provide you with many years of trouble free performance. Maintaining your Seasonstone quartz is simple and easy.

For every day cleaning use a soft sponge or dishcloth with warm water. ☒ For stubborn or greasy clean-ups use a gentle liquid cleaner like Mr. Clean, 409, Simple Green, Fantastic etc. or ordinary dish washing detergent e.g. Palmolive with warm water and a "White Scotch Brite" ☒ Never use red or green Scotch Brites on Seasonstone Quartz as they contain aluminum oxide (the same abrasive in sand paper) and may dull finish. Do not use abrasive cleaning agents such as regular Comet and Ajax. If needed, Bon Ami and Bar keepers friend are both approved non brasive cleaning powders that will clean without effecting Q's finish. ☒ Though most common household cleaners have no effect of Seasonstone Quartz, never allow your Seasonstone Quartz countertop to come in contact with drain cleaners, paint strippers or products containing Hydrofluoric acid, Methylene chloride, Trichloroethylene or any product with a very high or very low PH. These types of chemicals may etch or discolor the surface of Seasonstone Quartz. There is no need to seal your Seasonstone Quartz countertop. Sealers cannot penetrate Seasonstone Quartz and remain on the surface. Eventually the sealer will start to wear off unevenly in high use areas causing the polish to appear inconsistent. Seasonstone Quartz is scorch resistant and under normal conditions is not affected. Always use a trivet or hot pad between Seasonstone Quartz and any heat generating device including but not limited to crock pots, deep fryers, hot pots and pans or electric skillet. Sudden or rapid change of temperature or sustained heating, especially near edges and cut outs, may create enough thermal expansion energy to cause your countertop to crack. Damage caused by thermal expansion is not covered under the Seasonstone Quartz warranty.

Follow these simple care and use guidelines and your Seasonstone Quartz countertop will provide you with many years of trouble free use. Contact Seasonstone Quartz Building Materials for further information by calling 1-440-260-6501 or by visiting our website at www.seasonstoneusa.com
